Hello Friends,

I am sharing some excellent data about American entrepreneurs that was released on July 13, 2017. I have provided a link to the report below. I would also like to extend an invitation for you to take part in a delegation trip to Canada. I have supplied some of the information below and a flyer with more detail.

About Report:

"We now know more about American entrepreneurs than ever before, thanks to a major public-private partnership among the U.S. Census Bureau, the Kauffman Foundation and the Minority Business Development Agency. The Annual Survey of Entrepreneurs will supplement the Survey of Business Owners (SBO), conducted every five years."
